Washington, March 27 .- A message from Gen. Otis announces that the Filipinos have released the Spanish pris-oners on condition that they take up arms against the Americans. This, it is said, accounts for the bold stand made by the insurgents.

Our troops met the concentrated insurgent forces on the northern line today, commanded by Aguinaldo in person, and drove them with considerable slaughter. Manila, March 27.—The Filipinos, after deserting Polo, started fires in the town. They are burning the native yillages as fast as they desert them. Malabon is practically in ruins. The rebels are falling back on Malolos, where they expect to make a final stand. The Washington volunteers, who hold Pasig, had a brush with the insurgents today, and the enemy was routed, losing a number of men. EGAN AGAIN

Former Commissary General May Have to Face Another Court Martial.

Scripps-McRae League. Washington, March 37.—Is General Egan returning to Washington to face another court martial? The rumor is current in the war department that when Gen. Egan turned back at San Francisco from his contemplated trip to Hawaii, where he expected to spend his five years of enforced retirement, it was not a voluntary act, but on or

ders from Washington That Gen. Miles has in the main es-tablished his accusations against the commissary department before the meat board of inquiry is conceded ev-en by his whilom critics and accusers, and now that the charges have been sustained the entire commissary de partment is under arraignment for insufficiency. Defenders of the ad-ministration admit that if the court of inquiry reports as everybody here expects it will, practically sustaining Miles, a court martial will follow.

There is nothing in army regulations to prevent another court martial be ing ordered for Gen. Egan on the new charge of responsibility for bad beef if the responsibility is established. Many of the subordinates in the commissary department are on the qui vive, fearing they, too, will be made to share the blame.

THEY RIDICULE IT.

Many People Ridicule the Idea of an Abso lute Cure For Dyspepsia and Stomach Troubles.

Ridicule, However, is Not Argument, and

Facts are Stubborn Things. Stomach troubles are so common and in most cases so obstinate to cure that people are apt to look with sus radical, permanent cure for dyspepsia and indigestion. Many such price

be carried too far, so far, in fact, that many persons suffer for years with tle time and money in faithfully test-ing the claims made for a preparation reliable and universally used as

Stuart's Dyspepsia Tablets.
Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary media-cines for the reason that they are not a secret patent medicine, no secret is made of their ingredients but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids Goiden Seal, bismuth, hydrastis and nux. They are not cathartic neither do they act powerfully on any organ, but they care indigestion on the commons sense plan of digesting the food eaten thor-

oughly before it has time to ferment, sour and cause the mischief. Cathartic pills never have and never can cure indigestion and stomach proubles because they act entirely on the bowejs, whereas the whole trouble

is really in the stomach.

Stuart's Dyspepsia Tablets taken after meaks digest the food. That is all there is to it. Food not digested or half digested is poison as it creates gas, acidity, headache, palpitation of the heart, loss of flesh and appetite, and many other troubles which are ofen called by some other name.

They are sold by druggists everywhere at 50 cents per package. Address F. A. Stuart Co., Marshal, Mich. for little book on stomach diseases sent free. Planos, \$150 and up; organs, \$30 and
